

## Summarized Statement of Beliefs

*As a Christian organization, we believe in equal value of all persons regardless of gender, race, nationality, age, religion, sexual orientation, social or economic status, those with exceptionalities, and including the unborn. We believe that all should be treated with love, respect and honour. God has established authority systems in this world and we, in concert with the Bible, are responsible to comply with them. Even though someone might believe or practice behaviour that is different from we believe, it does not change our belief in the value or acceptance of that person. We believe God designed sexual expression for marriage between a man and a woman. We honour God by faithfully respecting and caring for the world he created.*

*We believe the Bible is the very word of God. God exists in three "persons" Father, Son and Holy Spirit. Jesus Christ is God and came to show and teach us how to live and love. He was without sin and his death and resurrection were necessary to allow us, to have freedom from our sins and experience a personal relationship with God. The Holy Spirit is God and works and lives in every believer. Our relationship with God is restored through faith, allowing us to experience fullness of life.*
