

Medeba Activity Box Summer 2021

What does the Medeba Activity Box look like this summer?

Overnight Medeba Summer Camp is unfortunately not happening, but you can still bring some of “Medeba” home again this summer! For Summer 2021, Medeba is running more programming for families, including the Medeba Activity Box, Day Camp and Family Rentals.

The Medeba Activity Box will contain a variety of at-home activities. This is not a virtual program, so your children will be able to pick up the activities and complete them in their own time. It will be sent to your mailbox and will be bursting with Medeba activities and swag for an incredible week that will fit into your own summer schedule. Your kids will be excited right from the start!

Community is still so important! Join the Facebook group to see and engage with other Medeba Activity Box families and share pictures of your children’s activities.
